Our Products are Compliant with European Standards REACH & RoHS

ASHUTOSH RUBBER PVT. LTD.

MANUFACTURERS OF ALL TYPES OF RUBBER & TPE PRODUCTS

WE ARE

Ashutosh Rubber Pvt. Ltd. is engaged in manufacturing of a wide range of Rubber & TPE (Thermoplastic Elastomer) products. We are an **ISO 9001:2015 • IATF 16949:2016 • OHSAS 18001:2007 • ISO 14001:2015** certified company by TUV SUD, and accredited with ISI certification under Bureau of Indian Standard **IS 5382** and a Performance & Credit Rated Company by CRISIL (A standard & Poor's company) with a rating assigned at MSE 2* indicates 'High Financial strength & Highest operating performance' and also having D&B D-U-N-S certificate (**D-U-N-S No. 86-255-7690**). Our Products are compliant with European Standards **RoHS & REACH. Water Regulations Advisory Scheme (WRAS) UK** material approval for BS 6920:2014 Rubber with Range of Shore Hardness 50 to 80 upto temperature of 70°C is in advanced stage of approval.

Presently we make more than 9000 different Rubber & TPE Moulded Products for varied applications. Our company uses modern manufacturing process by using Desma Rubber Injection, Tung Yu, Plus - One Vacuum Moulding Machines and Windsor, PASL Windtech TPE Injection Moulding Machines. We have been incorporated as a Private Limited company since 2007, being a part of the group which is in this business since 1987. The Company, over and above having modern rubber processing technology, has also modern facility to Process Soft PVC like TPE (Thermoplastic Elastomer).

The Company is a part of Ashutosh Group, another Company in the group being Ashutosh Financial Services Pvt. Ltd. is actively involved in providing wide range of financial services such as - Investment Advisory, Capital Advisory, Insurance Services, Taxation and Allied Laws Advisory, Chartered Accountancy Services and NRI Services.

VISION

To be one of the top ten Rubber Products Manufacturers in India by the year 2025. And to earn an iconic recognition in the Rubber Industry.

MISSION

To carry out manufacturing activity with high quality operations under professional management.

To enter into newer markets : • Segment Wise • Product Wise • Geographical Region Wise.

OUR TEAM**MD & CEO - MR. RAJESH KOTHARI**

The company is headed by the managing Director and CEO Mr. Rajesh Kothari, B.E. (Mech), M.E. (Prod. Tech), Post Graduate Diploma in Rubber Technology (IIT Kharagpur) and an expert in the field of Rubber Technology. He has attended large number of Conferences, Seminars and Trainings on Rubber Technology in India & Abroad. He is the Chairman of Gujarat Chapter of All India Rubber Industries Association (AIRIA) and was the President of Rubber Manufacturers Welfare Association (formerly GRMA).

**MARKETING DIRECTOR
MR. ASHUTOSH KOTHARI**

Our Marketing Director Ashutosh Kothari, B.E. (Rubber Technology) and MMS (Marketing) has gained valuable insights in the Rubber and TPE Products manufacturing industry.

**TECHNICAL DIRECTOR
MR. HARSH KOTHARI**

The technical director of our company has done M.Sc. in Polymer Science (Loughborough University, UK) and has a B.Tech in Mechanical Engineering and has profound knowledge about Rubber and Polymers.

**OUR TEAM**

We have a proactive team working around the clock with strong capability to develop critical products with required quality. Our Team include the Chief Executive Officer (CEO), Administrative personnel, Marketing personnel, Technical personnel for each of the technical divisions, supervisory staff and skilled workmen.

**MESSAGE
FROM
OUR TEAM**

"We assure you Rubber and TPE products, at par with global standards, in our modern manufacturing facility, coupled with our versatile experience, gained over our long journey of 30 years."

PRODUCT RANGE

Presently we have developed more than 9000 different types of Rubber & TPE Products and this range is expanding day in and out. The photographs in this Profile are the indicative of our versatile product range.

Following is the list of some of the Rubber Products that are manufactured by us:-

- Anti Vibration Mounting
- Anti Vibration Pads
- Asbestos Cement Pressure Pipe Joint Ring - IS 5382
- Automotive Rubber Parts
- Bearing Cover
- Bearing Mounts
- Bearing Seal
- Bellow
- Bonded Wheels
- Bowl Bush
- Bush
- Casing Pipe Sealing Ring
- Centrifugal Pump Rubber Parts
- Chevron Packing Seal
- CID Joint Rings for Asbestos Cement Pressure Pipe
- Circular Leveling Mountings
- Coller Packing
- Coupling elements - HRC, Jaw, Pin Bush, Tyre, FRC, Snapwrap, Spider, Star
- Coupler Rings
- CPVC Union Ring
- Crankshaft Oil Seals
- Cup Washer
- Cushy foot Mountings
- Cylinder Seal Kits
- Diesel Oil Engine Rubber Parts
- Door Gaskets for Autoclave etc.
- Ductile Iron Pipe Rings - IS 5382
- Dust Cover - Bellow

We are leading manufacturers of Rings & Gaskets as per IS 5382 TYPE I, II, III, IV, V Which comprises...

- A. Elastomeric sealing rings for PVC pipes.
- B. Reka rings for FRP pipes.
- C. CID joint rings for asbestos cement pressure pipes.
- D. RCC pipe rings.
- E. Push on joint rings (Tyton).
- F. Mechanical joint rings.
- G. UGDS Pipe Rings.

From...

EPDM, SBR AND NATURAL RUBBERS

- Elastomeric Rings for PVC Pipe - IS - 5382
- Eleptical Gasket
- Eleptical Washers
- Engine Mounts
- Engine Rubber Parts
- Fire Extinguisher Rubber Parts
- Fire Hose Connection Washers - IS 937
- Flange Packing/Gaskets
- Flat Ring & Washers
- Flexible Coupling
- Floor Mat
- Foot Valve Ring/Washers
- Gasket
- Gasket for Mechanical Joint - IS 5382
- Gear Box Cover Gasket
- Generator Rubber Parts
- Grommet
- Heat Exchange Gaskets
- Hydraulic Seals
- Hydraulic Wiper Seals
- Impact Idler Ring
- Impeller
- Injection Molded Rubber Parts
- Inner Rubber Seal
- Inner Washer
- Jewellery Machine Rubber Parts
- Kitchenware Rubber Parts
- Liner Joint Ring
- Lister Oil Seal
- Metal Rubber Bush
- Monoblock Pumps Rubber Parts
- Motorshaft Coupling
- Mounting Pad
- Mud Protector

PRODUCT RANGE (continue)

- O Ring
- O Ring Kit
- Oil Seal
- Outer Rubber Seal
- Outer Washer
- Pad
- PCD Cup
- Pipe Plug
- Pipe Ring
- Pipe Seals
- Piston seals
- Plain Washers
- Pneumatic Seals
- Polyurethane Seals
- Precision Rubber Parts
- Pressure Cooker Rings/
Gaskets
- Protective Bellows
- Push on Joint (Tyton)
Ring - IS 5382
- PVC Paver Block Mould -
Unipaver, Star, Square,
Euphrates(Damru), Brick etc.
- PVC Moulds for Cover
Block
- PVC Moulds for Parking
Tile
- Radiator Gaskets
- Railway Rubber Parts
- RCC Pipe Ring - IS 5382
- Reka Ring - IS 5382
- Ribbed Mounting Pads
- Rod Seals
- Roller Rubber Rings
- Rotary Tiller Rubber Parts
- Rotavator Rubber Parts
- Rubber Automobile Mat
- Rubber Balls for Valves
- Rubber Balls for Vibrating
Screen
- Rubber Buffer
- Rubber Cap
- Rubber Deflector
- Rubber Diaphragm
- Rubber Moulds for Cover
Blocks
- Rubber Moulds for Kerb
Stone
- Rubber Moulds for Manhole
Cover & Frames - IS 12592
- Rubber Moulds for Paver
Block
- Rubber Mountings
- Rubber Packing
- Rubber Ring
- Rubber Sheet
- Rubber Sleeve
- Rubber Spacer
- Rubber Spring
- Rubber Track Pad
- Rubber Wheel for Fire
Extinguisher
- Rubber Wheel for Floor
Polishing Machine
- Sandwich Mountings
- Seal Kit
- Shock Absorber Mounts
- Silent Block Bushes
- Solar water heater Seals
- Spring Seals
- Sprinkler Ring
- Stand Plug Round
- Stand Plug Square
- Step Ring
- Step Washer
- Stop Washer
- Suspension Bushes
- SWR pipe Rubber &
TPE Rings
- Taper Bush
- Taper Ring
- Taper Washer
- U & V Seal
- UGDS Pipe Rings - IS 5382
- Washer
- Washer Half Round
- Wheels for Trolley
- Wiper Seal

We manufacture Rubber Products from Natural, Neoprene, Nitrile, HNBR, SBR, Silicon, Viton, Polyurethane, Hypelon, Butyl, Polyacrylic, Ethylene Propylene Diene Monomer (EPDM), etc. thermoset polymers. We also manufacture products from Thermoplastic Elastomers like Soft PVC & various other grades.

PRODUCTS FOR AUTOMOBILE ORIGINAL EQUIPMENT MANUFACTURERS (OEM-AUTO)

Automobile Matting

Anti Vibration Mountings

Two Wheeler Matting

Automobile Matting

Bearing Mounts

Bellows

Automobile Diaphragm

Engine Mounts

Handle Grip & Foot Rest

Fork Gaiters

Hexagon Coupling

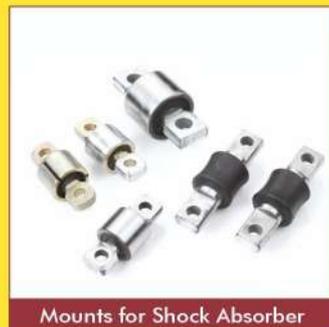

Damper Pulleys

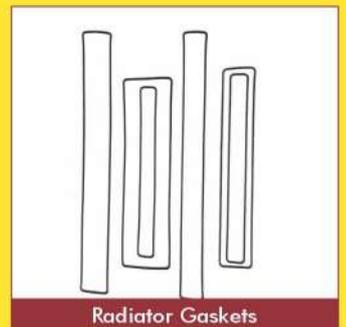

Silent Block Bushes

Rubber Spring

Mounts for Shock Absorber

Radiator Gaskets

PRODUCTION PROCESS

All the Raw Materials received by our company are subject to chemical and physical test and weighed immediately on receipt only thereafter they are taken in the stock.

The batches for mixing the Raw Materials are weighed electronically so that precise quantities are supplied for mixing. Our company uses Dispersion Kneader and Mixing Mills to ensure, the required quality of the rubber compound, to be used in the manufacturing process.

The rubber compound is then tested in Rheometer for its curing characteristics and other physical testing are also carried out. There after it goes for the Moulding Process.

Our company uses modern Rubber Moulding technology by using Desma Rubber Injection Moulding Machine & Tung Yu & Plus-One Vacuum Moulding Machines manufacturing Rubber & TPE Products, which assures excellent flawless quality.

We use specialized machines to finish the Rubber & TPE Products and each and every product manufactured is physically checked to ensure that the Rubber Products delivered is an absolute zero defect lot.

Our Production plant is enjoying continuous availability of uninterrupted power supply for bulk production which results in timely delivery of large orders & satisfaction to our customers.

Rubber & TPE Products made are stored in a separate storage area to protect the same from ultraviolet rays and dusting.

We have as a part of our group a separate company which specializes in making precise quality tools, dies moulds and metal Inserts which are important for quality of the finished product.

DESMA Rubber Injection Moulding Machine

WINDSOR & PASL Windtech, TPE Injection Moulding Machines

OUR CUSTOMERS

The key focus customer segments for our company around the Globe are: Automobile Original Equipment Manufacturers (Auto OEMs), Large Original Equipment Manufacturers (Other than Automobile), Pipe Industries (Cement, Iron & Plastic), Concrete Cement Industry and Institutional Customers like Railways, Aviations, Defense and Other Govt. Industries.

We export Rubber & TPE Products to number of buyers located across the globe, which is highlighted in the map. We also supply Rubber & TPE Products to Exporters in a big way; they directly export our Products or use the same in the assembly of product which they make for export.

We also manufacture Rubber & TPE Products for trading houses; where they source Rubber Products from us and market the same far and wide.

OUR FUTURE PLANS FOR EXPANSION

Ashutosh Rubber Pvt. Ltd. acquired lands

Sanand GIDC, Gujarat

TECHNOLOGY DEVELOPMENT PLANS

- ERP System Implementation
- Automatic Defleshing System
- Automatic Batching Implementation
- Automatic O-Ring Counting System

QUALITY CONTROL

Our company has a full fledged in-house physical testing & chemical analysis laboratory which carries out all the important tests required during the process of manufacturing rubber products and also on the finished products so as to assure the quality of the final output. We carry out all the critical tests at various stages of production right from the approval of Raw Material, quality of Rubber Compound, and finally to the Rubber Moulded Product.

UNIT NO. 1 CORPORATE OFFICE & RUBBER MOULDING FACILITY

Unit No. 1 at Metoda is a facility manufacture Rubber Products which is spread across an area of more than 20,000 sq. ft. It has organized and modern facility to store raw material, carry out the entire manufacturing process, to store finished goods and to carry out all the quality controls with the help of fully equipped laboratory. Different divisions of the factory are computerized and are connected with a Local Area Network (LAN) for seamless exchange of data and information. Our office and factory is under round the clock Electronic Surveillance System which is regularly monitored.

Company has a landscaped garden with more than 1,000 trees making the environment in and around at all its factories soothing.

The company has its own workers quarters for its workers nearby the factory which provides comfort of operation of running the plant round the clock.

UNIT NO. 2 TPE & PLASTIC MOULDING FACILITY

Unit No. 2 at Metoda has a fully equipped facility to make TPE (Thermo Plastic Elastomers) Products. Manufacturing of TPE Products requires dies and moulds with sharp dimensional details which gives precise and super fine finished products. TPE Processing has given Ashutosh Rubber a multi polymer processing edge.

UNIT NO. 3 TOOL ROOM FACILITY

Our own Tool Room facility for making Tools, Dies & Metal Inserts.

One of the most critical requirements of the business is the need for Dies, Tools and metal inserts for the Rubber Products manufactured by us.

Unit No.3 at Metoda is Tool Room of our company with most modern facility for Turning, Milling, Drilling, Shaping, Grinding, Planning, solely dedicated to the Dies, Tools, Metal inserts and maintenance needs of the company. This ensures quick and better quality control for the final product manufactured by the company.
