TPE (SOFT PVC) & RUBBER MOULDS FOR CEMENT CONCRETE INDUSTRY

An informative monthly Newsletter

December - 2018

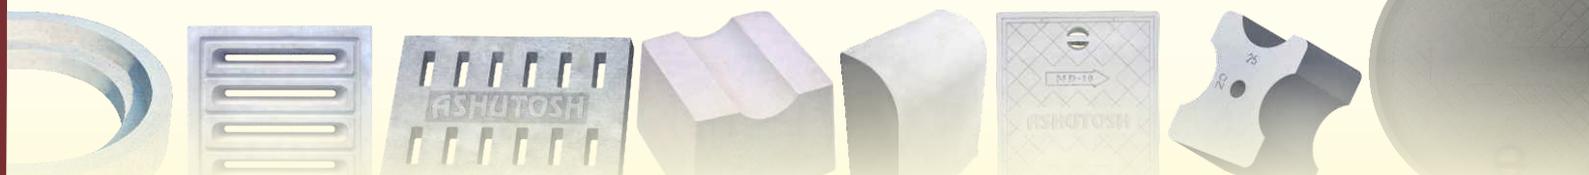

Knowledge center

- If you are wondering that your Reprocessed material PVC Moulds costs you just Rs 50 per kg and it is cost effective for you. Here is an eye opener for you that your PVC Moulds made out of Reprocessed material costs is not 50 Rs per Kg but 97 Rs per kg.

- Below table shows you the total cost you would be spending on your reprocessed moulds.

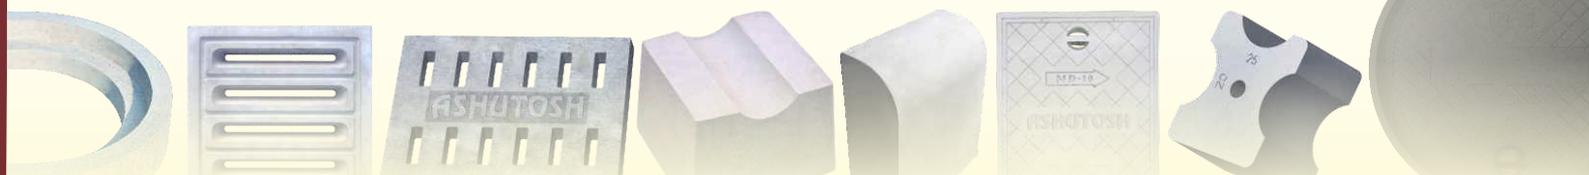

Cost incurred	Rs. per Kg
Scarp Cost/Cost of Raw material	40.00/-
Reprocessing Cost	50.00/-
Transportation Cost	05.00/-
Burning Loss @5 %	02.00/-
Total	97.00 Rs per Kg

- The new mould cost is approximate 120 Rs per kg , so you save only 23 Rs per kg. By just giving 23 Rs per kg extra you claim guarantee on your moulds.

Why you should not use Reprocessed PVC Moulds?

- Reprocessed PVC moulds does not offer you guarantee, quality and reliability whereas Virgin PVC moulds guarantees you 1000 cycles with the best quality and material.
- It is not possible for anybody to confirm that new moulds made out of reprocessed material are of same material supplied by you to a mould manufacturer. Definitely the quality of material becomes a big question mark and hence it is not a very reliable process to do.
- Reprocessed PVC moulds have lesser life span compared to Virgin PVC Moulds .
- Every time you process the PVC or any plastic, the properties go down by 25% .Also it becomes harder than virgin moulds which wont give you same kind of quality.
- In fact ,The Reprocessed PVC moulds are not cost effective or cheaper but in long term it becomes more expensive and makes you pay dual charges.

Introducing new designs for TPE (Soft PVC) Moulds for Paver Blocks & Cover Blocks

SQUARE WITH SLOT
200 mm

MOULD

PRODUCT

Pattern: Sand, Size:- 60 MM

COBBLER

MOULD

PRODUCT

Pattern: Stone, Size:- 40 MM

ROUND COVER BLOCK MOULD WITH 2-HOLES FOR WIRE

MOULD

PRODUCT

Size(mm)	15
Approx Weight Per Mould(kg)	1.275
Pcs. Per Mould	42

ROUND COVER BLOCK MOULD FOR COLUMN

MOULD

PRODUCT

Size(mm)	40 x 20	50 x 20
Approx Weight Per Mould(kg)	1.35	1.02
Hole Size(mm)	14	14
Pcs. Per Mould	9	6
