WE ARE

Ashutosh Rubber Pvt. Ltd. is engaged in manufacturing of a wide range of Rubber & TPE (Thermoplastic Elastomer) products. We are an • **ISO 9001** • **IATF 16949** • **ISO 14001** • **ISO 45001** certified company by TUV SUD, and accredited with ISI certification under Bureau of Indian Standard **IS 5382** Our Products are compliant with European Standards **RoHS & REACH**.

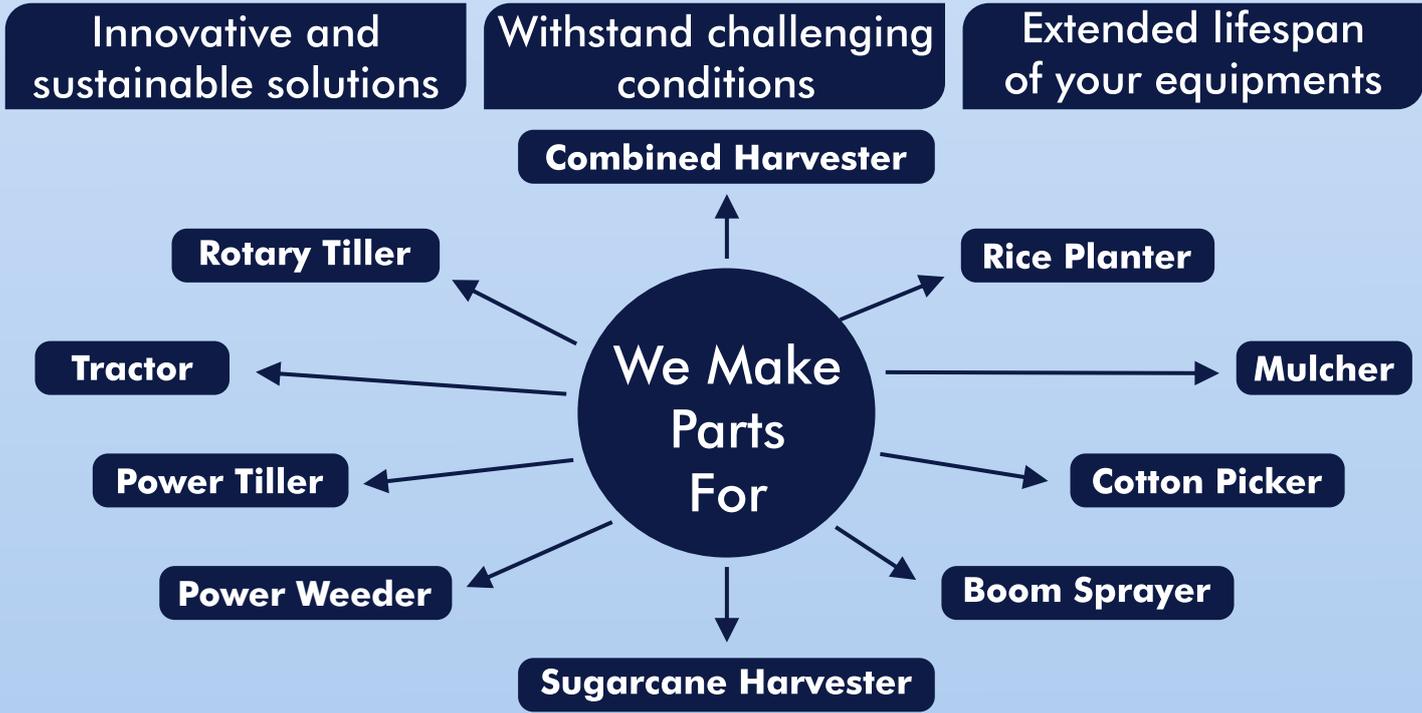

Presently we make more than 9000 different Rubber & TPE Moulded Products for varied applications. Our company uses modern manufacturing process by using Desma Rubber Injection, Tung Yu, Plus - One Vacuum Moulding Machines and Windsor, PASL Windtech TPE Injection Moulding Machines. We have been incorporated as a Private Limited company since 2007, being a part of the group which is in this business since 1987. The Company, over and above having modern rubber processing technology, has also modern facility to Process Soft PVC like TPE (Thermoplastic Elastomer).

Your Companion for Rubber Products in agriculture industry

The demanding conditions in which agriculture equipments operate necessitate the need for robust solutions.

Ashutosh Rubber, excels in providing high-performance, Rubber Products capable of withstanding extreme pressure and temperature fluctuations. These Rubber Products are engineered to resist the adverse effects of dirt, moisture, mud and corrosive substances such as oil, greases and fuels.

OUR PRODUCTS HELPS YOU WITH

We Are Capable to Customised Rubber Components For Diverse Equipments Based on Precise Customer Specifications

COMPOUNDING FACILITY

Our Company Uses Dispersion Kneaders and Mixing Mills to ensure the required quality of Rubber Compound, Maintaining dedicated mills for specialty polymers. With our Top management extensively educated in field of Rubber, we can perform compounding to meet customer specification.

TOOL ROOM FACILITY

The Tooling Department is dedicated to design and manufacture the moulds for production of entire range of rubber parts. In-House tool room helps us in making precise quality tools, moulds and metal inserts which are important for quality of finished products. VMCs & CNCs decreases the cycle time for proto tooling and we can make the production tool with all requirements.

OUR LABORATORY
